		Federal Grant	-	248	7,767	317	1,436	159	9,927
	An on-going beach nourishment program to provide sand on the entire Gulf-front of Lido Key for the protection of upland property and to support the economic benefit of tourism. It consists of a multitude of projects in accordance with a Management Plan approved by the City Commission in 1991. The proposed projects within the next ten years are: "2004 Federal Nourishment Project", "2005 New Pass Maintenance Dredging Project", "2008 Federal Nourishment Project", "2009 New Pass Maintenance Dredging Project", and "2012 Federal Nourishment Project". <i>The completion of this project is not anticipated to increase the City's annual operating costs.</i>								
RP-18.0	Bayshore Protection								
RP-18.1	Seawall Reconstruction	Penny	95	75	75	75	75	-	395
	Reconstruction of failing seawalls as needed throughout the City. Funding should allow for the prioritization and reconstruction of one seawall per year starting with the request from the Bay Point Park Neighborhood Association. <i>The completion of this project is not anticipated to increase the City's annual operating costs.</i>								
RP-54.0	Lukewood Park	Grants	-	-	-	-	-	25	25
	Survey (\$7,000) and develop a master plan for the park that will include improvement to the existing trail system, define the leasehold space from the public space, and provide space for public art. (\$13,000) <i>Annual maintenace cost will be determined based on design of the project.</i>								
WU-39.0	Reuse Transmission System	Ext Penny	115	545	340	-	-	-	1,000
	Expansion of reuse transmission system to serve medians, parks and public facilities. <i>The completion of this project is not anticipated to increase the City's annual operating costs.</i>								
RP-52.0	Waterfront Park	Ext Penny	-	-	-	-	1,000	-	1,000
	Purchase additional waterfront park property between Centennial Park and Whitaker Gateway Park. <i>This park is maintained by Sarasota County.</i>

Replacement of the existing Police Station, which will be demolished pursuant to the interlocal agreement with the County.

Cost projections include design and construction of the new station and demolition of the existing station. The acquisition of a site is not included as staff is pursuing the utilization of an existing City owned site.

The completion of this project is not anticipated to increase the City's annual operating costs.

STORMWATER

SU-02.0	Stormwater Utility Projects	Ext Penny	2,277	800	825	825	825	825	6,377
		Ext Loan to SU-01.0	300	-	-	-	-	-	300

The enhanced stormwater projects are being designed in the order of the approved prioritization. Four of the projects prioritized in fiscal years 01-04 have been completed. Nine other projects are in the design phase with construction to begin in FY 04 through FY 06. Design phases of four more projects should begin in FY 05-06 with construction to begin in FY 07-08. Two more will be designed in FY 06-07 with construction in FY 07-08. The final six projects are scheduled for design in FY 07-08 with construction in FY 08-09.

These projects will be maintained by Sarasota County.

TRANSPORTATION									
EN-20.0	Traffic Signalization - City Wide	Gas Tax	94	60	60	60	60	60	394
		Penny	-	200	200	200	200	200	1,000
	Reconstruct 27 City-owned span wire type traffic signals to steel pole mast arms in accordance with FDOT policy #(000-625-020-a). The Engineering Department has prioritized the top 10 needing replacement.								
EN-20.2	Traffic Signal System - Phase 2	FDOT	-	-	-	1,500	-	-	1,500
	Upgrade traffic signal system to fiber optic communication medium. To provide high-speed data to 84 signalized intersections. This amount reflects the City's portion of a much larger \$39 million MPO/FDOT project. <i>The completion of this project is not anticipated to increase the City's annual operating costs. As better cost estimates become available, any additional cost impact will be identified.</i>								
EN-73.0	Ken Thompson Parkway at State Road 789	Contribution	150	-	-	-	-	-	150
	Installation of traffic signal at this intersection to provide improved and safe access for vehicular traffic. Due to the curved corner of the intersection (SR 789/Ken Thompson Parkway) and high volume and high speed on SR 789, a traffic signal is needed to enhance access for vehicular traffic wanting to access into and/or out of Mote Marine (Ken Thompson Parkway) to SR 789. Mote Marine is required to have this completed by June 30, 2004, according to the Development Agreement. It appears that they will not meet the deadline. <i>The completion of this project is not anticipated to increase the City's annual operating costs.</i>								
PW-58.0	Pedestrian Sleeves	Penny	1,500	500	-	-	-	-	2,000
	The Downtown Master Plan recommends establishing pedestrian sleeves wherever a designated pedestrian corridor crosses a high-capacity roadway. The reconstruction of roadway crosswalks would be designed to enhance pedestrian safety at major road intersections along the perimeter of downtown. Within the intersections themselves, different paving materials are used to clearly define the crosswalks. Sleeves are planned for Fruitville Road and Central Avenue, Fruitville Road and Orange Avenue, Fruitville Road and Osprey Avenue, and Fruitville Road and East Avenue. The Penny Sales Tax Fund will be reimbursed in 2007 by the Community Redevelopment Agency. <i>Annual maintenace cost will be determined based on design of the project.</i>								
PW-56.0	Handicapped Access Ramps/Other Imp	Penny	44	56	56	56	56	21	289
	Installation of approximately 250 new handicapped access ramps and other improvements city-wide . <i>The completion of this project is not anticipated to increase the City's annual operating costs.</i>								
EN-112.0	Parking Space Enhancement	Penny	100	50	50	50	50	50	350
	Develop an inventory of existing parking spaces and identify locations with on-street parking needs and to create more parking spaces by implementing the regulations in the new Engineering Design Criteria Manual (EDCM). Included in this project is striping and signage which will address citizen concerns. <i>The completion of this project is not anticipated to increase the City's annual operating costs.</i>								
NOTES	FDOT funds are expended by the Florida Department of Transportation. Impact Fees are collected by the City but are transferred to and held by the County.								

<u>2009-10</u>	<u>2010-11</u>	<u>2011-12</u>	<u>2012-13</u>	<u>2013-14</u>	<u>10 Year Total 2004-14</u>

TRANSPORTATION									
EN-51.0	Bridge Replacement Establishment of cash reserve for replacement of bridges including the 38th Street bridge over Whitaker Bayou, pending Army Corps of Engineers scheduling of project. 2004-05 funding provides for bridge load testing as recommended by the Department of Transportation. <i>The completion of this project is not anticipated to increase the City's annual operating costs.</i>	Gas Tax	10	32	-	-	250	-	292
EN-64.0	Lockwood Ridge Road	Impact Fees	-	-	-	-	-	-	-
L-O-S	Fruitville Rd. to 17th Street The County will design a new 4 lane roadway with curbs, gutters, sidewalks and bike lanes according to federal standards. Although this project is the responsibility of the County pursuant to the dual taxation settlement, it is listed in the CIP because it is necessary to maintain level of service (L-O-S) as adopted in the Comprehensive Plan. <i>The completion of this project is not anticipated to increase the City's annual operating costs.</i>								
EN-76.0	Right of way acquisition Originally set aside to purchase a 10 feet wide right-of-way to provide for a midblock walkway from Main Street to State Street. The walkway would encourage the use of parking on State Street by reducing the walking distance to Main Street. Alternative cut-throughs will be explored as part of the Downtown Master Plan implementation. <i>The completion of this project is not anticipated to increase the City's annual operating costs.</i>	Ext Penny	-	200	-	-	-	-	200
EN-71.0	17th Street	Impact Fees	2,092	1,835	1,500	1,349	2,230	-	9,006
L-O-S	from U.S. 41 to Orange Avenue Design and construct a new two or four lane roadway with curbs, gutters, drainage, sidewalks, bike lanes, lighting and neighborhood entrance features according to federal standards. This will provide a much-needed additional east-west corridor.	FDOT	-	-	-	1,780	-	-	1,780
EN-71.1	17th Street at U.S. 301	Impact Fees	-	130	-	-	-	-	130
L-O-S	Modification of west leg of intersection to two lanes in each direction with left turn lane to improve traffic flow at this intersection. Project may be accomplished in connection with EN-71.0 <i>The completion of this project is not anticipated to increase the City's annual operating costs.</i>

	In 2002-03 the City began preparing a master plan to develop a "signature" park for downtown Sarasota. The preliminary design work for the 40 acres is under-way and construction will be done in a phased approach. Construction of Phase I is scheduled to begin in 2004-05 and will include site and utility work, grand promenade, great lawn, parking, restrooms, bus shelter, East Avenue entry hardscape, an expansion to the skate park skate surface to include a beginners' area and other land improvements. Estimated cost for the initial phase is \$4,867,500. Subsequent phasing of the project is estimated to cost an additional \$10,500,000. <i>This project will require an amendment to the interlocal agreement with Sarasota County.</i> <i>The completion of this project is anticipated at a minimum to increase the City's annual operating costs \$80,000 (2 FTE).</i>									
EN-59.0	Bayfront Multi-Use Recreational Trail Installation of a facility which will include a combination of a multi-use trail and bike lanes with sidewalks from Selby Gardens to the University of South Florida - New College. <i>Annual maintenance cost will be determined based on design of the project.</i>		FDOT	1,237	-	-	-	-	-	1,237

NEIGHBORHOOD IMPROVEMENTS										
EN-75.0	Siesta Drive Drainage Hanson Bayou to Sarasota Bay	FDOT	500	-	-	-	-	-	-	500
	Florida Department of Transportation funded and City administered design and construction of stormwater drainage facilities (roadside swales) to lessen flooding on the northern evacuation route from Siesta Key. Due to neighborhood objections to the use of swales, the City Commission has organized a task force to recommend a more aesthetic design and to identify funding sources for any additional cost. <i>Annual maintenance cost will be determined based on design of the project.</i>									
EN-78.0	Osprey Avenue at U.S. 41	Ext Penny	350	-	-	-	-	-	-	350
	Install a second southbound to eastbound left-turn lane. To improve the level of service of the intersection, add capacity to the roadway, and to encourage traffic to use southbound US 41 instead of Osprey Avenue. <i>The completion of this project is not anticipated to increase the City's annual operating costs.</i>									
PW-106.0	John Ringling Causeway Landscape Improvements	Penny FDOT Unfunded Contribution	312 645 300 180	-	-	-	-	-	-	312 645 300 180
	Design and construct landscape improvements to the new Ringling Causeway Bridge between U.S. 41 and Bird Key Drive in accordance with the concept plan approved by the City Commission. <i>The completion of this project will increase the City's annual operating costs \$54,800 (1 FTE plus materials).</i>									
PW-110.1	North Palm Avenue Streetscape	TIF	-	235	-	-	-	-	-	235
	Provide decorative street lighting along Palm Avenue from Main Street to U.S. 41. <i>The completion of this project will increase the City's annual operating costs \$7,500 for electric and maintenance.</i>									
SU-01.0	St. Armands Drainage Improvements	Ext Penny Loan from SU-02 FDOT Grant	1,500 (300) 2,143 394	-	-	-	-	-	-	1,500 (300) 2,143 394
	A final drainage design is nearly completed. Project estimated cost is now \$4.9 million dollars, the City has committed \$1.75 million dollars. The City has an Interlocal Agreement with Sarasota County for the administration of design, right-of-way acquisition and construction of the project. The City will reimburse the County for up to \$418,000 for expediting design (projected as 24 months design time). Separate agreements have been made with the Florida Department of Transportation for their share of the funding. Construction is expected to occur between June 2004 through June 2005. <i>The completion of this project is not anticipated to increase the City's annual operating costs.</i>									
RP-51.0	Lukewood Park	Ext Penny	-	100	-	-	-	-	-	100
	Installation of a reuse system to enhance landscaping within the park. <i>The completion of this project is not anticipated to increase the City's annual operating costs.</i>									
NOTES	Neighborhood specific improvements will be funded from the dollars budgeted in the functional categories. Impact Fees are collected by the City but are transferred to and held by the County.
