

ACCOUNTING

Mission Statement

To provide accounting and payroll services to the City departments by processing payments to vendors, contractors, suppliers and employees and maintaining the financial integrity of accounting records and transactions.

Description of Operations

The Accounting and Payroll Department, a division of the Finance Department, maintains the City's financial management information system in accordance with legal, regulatory and professional requirements. The department is responsible for providing accurate, relevant and timely financial information to the City Commissioners, City departments, citizens, federal & state governments, employees, vendors/creditors, and investors.

Other responsibilities include the payment of vendors in accordance with established policies and procedures. Included in this function is budgetary control over expenditures at a detailed level through the use of the City's financial management information system. The department is also responsible for processing the City's weekly payroll in accordance with the City's personnel rules and regulations and other legal requirements.

ACCOUNTING

FINANCIAL RECORDS/REPORTING

Mission Statement

To process and report all financial transactions and provide timely and useful financial information and analyses to assist management in making informed economic decisions.

Description of Operations

The Financial Records Division maintains the City's financial management information system in accordance with generally accepted accounting principles, federal and state reporting requirements and finance related legal and contractual provisions. This includes the recording of all financial transactions and activity, recording of journal entries and reconciliation of cash accounts. The division also prepares a variety of financial reports for management and external users. Typical reporting responsibilities involve the preparation of monthly financial status reports, the City's Comprehensive Annual Financial Report, the annual financial report filed with the State Comptroller and other special reports.

The division is also responsible for maintaining the fixed asset management information system. This involves the costing, valuation and maintenance of property accounting records covering land, buildings, improvements and equipment. On an annual basis, a physical inventory and accountability of fixed assets is coordinated by the division.

Strategic Concern - Operational Focus

Strategy

To process, maintain, and report all financial transactions while minimizing transaction cost and maximizing internal controls and data integrity. Provide timely and useful financial information and analyses to assist management in making informed economic decisions.

Task

Receive unqualified opinion from an independent auditor within sixty-five days of the close of the fiscal year.

To secure Certificate of Achievement for the Excellence in Financial Reporting from the Government Finance Officers Association.

To close month-end general ledger by the fifth business day of the following month and to issue financial statements by the tenth business day of the following month.

To schedule periodic training opportunities for employees in the use of the City's financial management system.

ACCOUNTING ACCOUNTS PAYABLE

Mission Statement

To create an efficient, cost effective payment system that is committed to continuous process improvement and customer-focused assistance in accordance with federal, state & City regulations.

Description of Operations

The Accounts Payable Division involves the payment to contractors and other vendors accurately, with all required supporting documentation and authorizations, in a timely and consistent manner, which is in accordance with City policy and procedures. This includes ensuring that planned and actual expenditures do not exceed budgeted expenditures.

Strategic Concern - Operational Focus

Strategy

To process payments to vendors in accordance with City policies and procedures and to be a reliable quality customer to vendors by ensuring payments are issued 30 days from the invoice date. Schedule periodic training opportunities for employees in the use of the City's financial management system.

Task

Review information on vendor invoices for adequate documentation. Perform funds availability verification for invoices processed for compliance with adopted budget.

Provide training to City personnel on policies and procedures to avoid unnecessary payment delays.

To provide City departments with the ability to obtain accounts payable information from the financial management system.

ACCOUNTING PAYROLL

Mission Statement

To timely and accurately compensate employees in accordance with City policies and federal, state and local laws, the processing of mandatory and voluntary payroll deductions and taxes, and to provide meaningful and accurate reports and answers to inquiries relative to payroll data.

Description of Operations

The Payroll Division is responsible for processing the City's weekly payroll for approximately 800 employees accurately and in accordance with legal requirements. This involves the input and calculation of the weekly payroll; printing of payroll checks and direct deposit statements and associated reports; archive of weekly reports on compact disks to eliminate the storage of paper-generated reports; preparation of payroll deposits and deductions for electronic fund transfers to financial institutions and the maintenance of employee records for elective deductions, IRS tax levies and child support garnishments to respective county and state agencies.

Strategic Concern - Operational Focus

Strategy

To process the weekly payroll accurately for distribution to employees and streamline the payroll function for maximum efficiency while providing pertinent and useful payroll data to departments and employees.

Task

To actively encourage employee participation in the City's payroll direct deposit program by distributing brochures from area banks and credit unions to increase awareness of the convenience of direct deposit.

To provide training to departmental payroll preparers for maximum benefit from use of automated systems and processing efficiency.
