

## PUBLIC ART FUND

**Description**

The Public Art Fund accounts for all revenues and expenditures to acquire and maintain public art.

An important part of the City of Sarasota's public art collection comes from the contributions provided by the developers of commercial projects. Developers of projects within certain downtown districts must either contribute to the public art fund or provide art that is visible for the public to enjoy. The City also provides funds to repair and maintain the current inventory of public art within the City.
