

Florida Department of Transportation

Intersection improvement project

At U.S. 41 and Main Street

In Sarasota, Florida

Construction for this three month project will begin
Monday, October 29, 2007.

Drivers should expect and plan for delays
at the intersection of U.S. 41 and Main Street.

Russell Engineering is the contractor.

For more information about this project, please call or email:

Cindy Clemmons-Adente

Public Information Director

863-519-2362

cindy.clemmons-adente@dot.state.fl.us

or

Kent Dauderman

FDOT Senior Project Administrator

941-650-2616 or 941-359-7300

kent.dauderman@dot.state.fl.us

Improvements to this intersection consist of adding a turn
lane, signal work and drainage work.

A major part of the project will be done at night.
