## **Sarasota Police Department Headquarters**

This is an important urban infill project for the city of Sarasota and a catalyst for future development in the government center. The design responds to the need to be a sustainable, survivable, open and inviting public building that maintains all critical functions 24 hrs a day year during any event. The project is sited on approximately 69,184 square feet of property and consists of 6 stories that accommodate approximately 102,000 square feet of space, with parking for 200 vehicles in the first three levels.
