

City of Sarasota Department of Public Works
SOLID WASTE DIVISION
Business Recycling
Web: yourgreencity.sarasotagov.com

The Citywide Recycling program is organized within the City of Sarasota Department of Public Works to develop and implement effective and cost efficient source reduction, recycling and re-use programs and policies. The Citywide Recycling program provides assistance to City Departments, private sector businesses, multi-family complexes, and the community with regards to setting. The office initiates recycling partnerships and helps to promote new markets for recyclable materials.

For Assistance to help set up Business Recycling programs with private sector recyclers or to recycle "hard to recycle" items, please contact the Recycling Coordinator (941) 365-2200 x. 6317.

City of Sarasota of Solid Resources Collection, offers recycling programs to the 50,000 households who receive City curbside collection. For more information on getting on board with Commercial Recycling, call : 941-365-2200 x. 6317.

it's the law

Ord. No. 92-3575, § 1, 4-20-92; Ord. No. 92-3606, § 1, 7-22-92; Ord. No. 94-3786, § 1, 4-25-94, eff. 10-1-94 were passed to ensure Commercial and Business entities participate in the City of Sarasota's Citywide Recycling program. Commercial users which are multifamily dwellings are required to recycle by source separation in accordance with these articles. Multifamily dwelling commercial users must develop a plan for recycling within the multifamily dwelling which is best suited to the site, building design and the residents. The plan of recycling must implement educational and informational programs, methods of collection within the multifamily dwelling, container types and sizes, frequency of pickup and transport equipment necessary to accomplish the source separation and collection of recyclable material. Commercial users other than multifamily dwellings are required to recycle by source separation in accordance with these articles. Such commercial users must develop a plan for recycling which is best suited to the site and building design. The plan should include the frequency of collection and the size of containers authorized by the city manager. The commercial user must contract with a private hauler for the service.

recycling/waste reduction tips

- Buy only copiers and printers that will make two-sided copies reliably
- Make double-sided copies the standard.
- Circulate magazines and memos, versus ordering or making copies for everyone.
- Make scratch pads from used paper.
- Re-use large mailing envelopes.
- Use outdated letterhead for in-house memos.
- Use voice or E-mail, or post memos on a central bulletin board.
- Buy goods with minimum packaging, in concentrated form, and in bulk.
- Save and re-use foam "peanuts," bubble wrap, and cardboard boxes, or donate them.
- Use durable, concentrated, reusable, recycled-content, and recyclable products.
- Print more words on each page by reducing margins.
